Griffin O'Neill

At the home of the bride's sister, Mrs. J. Chilton, on the Starline road, on Wednesday, July 3rd, Wm. J. Griffin, of Green Bank, was united in marriage to Miss Nina O'Neill, late night operator at the telephone office. The ceremony was performed by Rev. E. E. Martens of the St. Ignace Mission. The bride was dressed in a delicate shade of pink silk and white chiffon. Her travelling gown was of brown silk.

The young couple left on the 6:30 for Calgary and the west coast. The Review-Advertiser extends congratuations.

Before the Gail

A case that is attracting considerable attention was brought up this week in the provincial police barracks when Fred Anderson laid information against Herman Penzloff, charging him with stealing cattle. Mayor Holmes presided. The case was begun Tuesday evening, continued on Wednesday evening and will be taken up again on Tuesday evening next. Mr. Penzloff is alleged to have changed the brands in Anderson's cattle. Mr. Campbell, of Macleod, prosecutor for the crown, had charge of the case. Penzloff is being defended by MacDonnell, of Macleod.

Corp. Vice, of the provincial police, on June 17th, arrested six persons charged with stealing cars from D. Cummins, of Graman, and taking joyrides without consulting the owner. The cases were tried before N. G. Holmes, J.P., who handed out penalties as follows: Geo. Glenhart, \$10 and costs; O. Simmins, \$10 and costs; James Audette, suspended sentence; Victor Siler, \$5 and costs; John Little, \$5 and costs; James Logan, \$5 and costs. All of Graman.

OPENING OF NEW THEATRE

There was a large attendance at the opening of the new Rex Theatre last Friday night and the program throughout was greatly appreciated. There were many things that contributed to the success. First there was the hall, of which there is none better in the whole province, outside the cities. The comfortable seats, the practically fireproof building and general appearance, gave one the sense of security and restfulness necessary to the proper enjoyment of the entertainment.

The orchestra, composed largely of members of the band, gave some excellent music and added greatly to the evening's enjoyment. The program throughout was excellent. The tableaux representing four pictures from Whittier's poem, "Maid Marian," were put on splendidly and everyone did his part to perfection.

The dance and singing of Miss Schoof called forth much applause, and her appearance at any time before a Clareholm audience will always be welcomed. The solos by Mr. Williams and Mrs. Walker were also beautifully rendered.

The comedienne, "His Good Genues" gave considerable amusement and our local dramatic society displayed talent on the stage equal to many of the professional companies that come to Clareholm. Mr. and Mrs. Watt and Mrs. P. W. Elliot are to be congratulated upon their masterly performance and are assured of a welcome whenever they again appear.

The photoplay which filled up the second part of the program was one of the sweetest and most pleasing that we have seen. It gripped the interest of the audience right from the start, and it is a fair sample of the class of photoplays that is booked for the Rex, was guaranteed to be good and gratified with the results of the first night at the Rex.

A lot of money has been spent to give Clareholm a first class hall, and we believe the town will appreciate it by a liberal patronage of its operation.

Brown-Curry

St. Peter's church was the scene of a pretty wedding, on June 26th, at 10:30 o'clock, when Miss Laura Isabel Curry, eldest daughter of Mr. Frederick Richard Curry, 108 King street east, was united in marriage to Mr. Thorfinn Brown, B. Sc., son of Mr. Gerald Brown, Clareholm, Alta.

The ceremony was performed by Rev. Canon H. H. Bedford-Jones and only the immediate relatives of the contracting parties were present. The bride, who was given away by her father, was becomingly attired in a suit of sand-colored English broadcloth, with hat to match, and carried a beautiful bouquet of Killarney roses and maidenhair fern. Miss Dorothy Curry, of London, Ont., was bridesmaid and was dressed in castle blue tulle. Mr. Bertram Solman, of Ottawa, was best man.

The church and house were very prettily decorated for the happy occasion by the girl friends of the bride with daisy chains, syringas, white peonies and roses.

After the ceremony a dainty luncheon was served at the residence of the bride's father, and Mr. and Mrs. Brown left on the International Limited to spend their honeymoon in Toronto, Port Arthur and Winnipeg. After they will reside at Clareholm, Alta., where the groom has a large wheat farm.

Among the out-of-town guests were Miss Delamere, Minden, Ont.; Mrs. Bedington and Master James Bedington, Oakville, Ont.; Mr. Wm. Curry, Omnes, Ont., and Miss Miller, of Lindsay, Ont.

The bride was the recipient of many beautiful and costly gifts. The groom's gift to the bride was a pearl bar; and to the bridesmaid a pearling; to the best man a gold pencil; and to the organist, Miss McCullen, a travelling clock. The bride recently returned from overseas where she served for two years on the nursing staff of No. 1 Canadian General Hospital in France. Several congratulatory cabigrams were received including messages from Capt. F. C. Curry, brother of the bride, Lt.-Col. and Mrs. Bowin and Capt. and Mrs. Calvert, The Recorder and Times, Brockville.

Haslam-Merritt

The marriage of Annie Ethel Merritt, daughter of the late Robert M. Ferris, Esquire, of Treherm, Manitoba, to Harry Ozenham Haslam, Barrister, of Clareholm, took place on Tuesday, July 2nd, in Knox church, Calgary. The Rev. J. McCarter Wilson was the officiating clergyman. After the ceremony Mr. and Mrs. Haslam left for a trip to Prince Edward Island.

Bacon Rhonda, food controller of Great Britain, died at his home in England on Wednesday, a victim of his own fattening system.

We are making Money! Do You Want to Make Money?

You Can Make It With Us

In the past 90 days we have completed three producing oil wells in Paola, Kansas, each having an estimated production of forty barrels per day. These wells are now being connected with the Prairie Pipe Line, and within a few days the profits from the wells will be rolling into our treasury at the rate of \$2.50 per barrel.

We have fourteen other drilling sites on this forty acre lease, where our first wells are situated. Fourteen more producing wells is the inevitable result.

In addition to this first forty in Paola, we have 134 acres just south of the original holdings which is considered a "sure pop", sixty acres in the great Garnett fields of Kansas, completely surrounded by producing wells, and hundreds of acres in seven wonderful fields. Hundreds of wells are possible.

This is not a speculation—we have the goods. We pay dividends now and will be able to pay more as soon as we can develop our property.

MARRIED vs. SINGLE

The baseball game advertised for Thursday night was played at the Exhibition grounds. The grounds were wet on account of the rain, but this did not hinder the game in the least. The married men won by a score of 7 to 4. The game throughout was very interesting, as quite a few new players took part.

Manager Callahan, of the single men has scoured the country for new blood and when the game was called at 7:30 it was noticed that he had worked hard to get a team together to defeat the married men, managed by J. W. McKenzie. Some good playing was witnessed by the spectators. For the married men, pitcher Robbins had the opposing team eating out of his hand all the time. Manager Callahan, connected with one of his inshoots once but it only resulted in a pop foul and the other three times he went to bat he was shifted one-two-three. Pitcher Knapper twirled a good game throughout, but had poor support, especially by the first string. The catching of Berg for the singles and only for the married men was a feature. Up to the time of going to press, Manager Callahan has not been seen, so that a return game cannot be announced until next week.

Line-Up

Married men—Amundsen, 2b; Leonard, 1b; Wanamaker, 3b; Daly, c; Stebbins, p; Walker, ss; Blackburn, rf; Rice, cf; Sanborn, lf.

Single men—Knapper; Berg, c; Berg, 1b; Smith, 2b; Lewis, 3b; Callahan, ss; Nelson, lf; Lewis, rf; Gibb, cf.

THE LETHBRIDGE FAIR

The big amalgamated fair and stampede to be held in Lethbridge July 22 to 27, presents an attraction which will eclipse any previous event of this nature held in Canada. The entertainment which will be offered the visitor to the fair will satisfy the most exacting. The management has spared no expense in an endeavor to secure the best performers of the continent, and many of these have signified their intention of taking part in the various events. In this connection it is announced that Chester Byers, who is generally conceded to be the world's champion trick rider and Tex McLean, who is an aspirant for premier honors, will settle the question of supremacy at the Lethbridge stampede. These boys have been in receipt of flattering offers from all over the continent, but it remained for the Lethbridge management to get them together and arrange for the contest. This attraction, it will be confidently asserted, will be worth the full price of admission.

The cowboy bucking contest with saddle with its purse of \$100 is also to be a feature event. A number of real bad cowboys have been secured, and the ability of the best riders to stay in the saddle will be severely tested.

Practically all the stampede events will be pulled off on the same track, thus insuring a close up view from the grandstand. In addition to the stampede features, the platform attractions will be fully up to the standard of other fairs. While a good program of horse races will round out a performance which will be replete with variety, excitement and comedy. The program committee, indeed, have been so successfully making up the time table for the various events, with the result that at times the spectator will imagine himself at a three ring circus, with a performance on the platform, race track and centerfield all vying with each other to engage the attention.

Every day will be a big day from the time the opening parade is started on Tuesday morning until the curtain is run down on Saturday night.

FOURTH OF JULY IN ENGLAND

LONDON, July 4.—No country ever celebrated the national anniversary of another country as the people of Great Britain today are celebrating the 4th of July. Not alone in London but in cities and villages throughout the kingdom, in town halls and in churches the American anniversary is being commemorated.

Announcement from Washington that the United States has sent overseas her first million troops kindled immense enthusiasm and gave great impetus to the celebration. Wherever there are American soldiers and sailors they are being entertained with great hospitality.

The fourth began in London on Wednesday night. The theaters and music halls were decorated with stars and stripes and several thousand American flags are out on official and business buildings all over London.

People Wear Flags
For the second time in history the stars and stripes were above the great tower of the parliament building in Westminster alongside the Union Jack. Many English people are wearing small American flags on their coats.

LEWIS CASE NOT TO HALT MOVEMENT OF TROOPS

Government Says It Is Advised Judgment of Alberta Court Is Erroneous

OTTAWA, July 3.—The judgment of the Alberta court of appeal, according to a statement issued here officially, will not be permitted to affect the custody of moving of troops. The appeal which the minister of justice has taken to the supreme court, it is further announced, "will be prosecuted with the utmost expedition." The statement reads:

Railroads are taxed to the utmost. You can help the situation and benefit yourself by using a Model 90 Overland Car.

It is efficient and economical. Back of it is a real Canadian institution that fortunately is able to take care of service and parts requirements—now and later.

Even extraordinary requirements can be promptly supplied from our Toronto factory or nearby warehouse.

Imperial Oil Gray-Dort Cars

"The government has had under consideration the case of Norman Earl Lewis, one of the younger men whose excursions were withdrawn under the regulations questioned by the order-in-council of April 25 last, and who, having been, in consequence, ordered to report for military duty, was recently ordered to be discharged by the supreme court of Alberta for reasons given in a judgment rendered by Beak, Stewart, Hyndman and Simons. J. Chief Justice Harvey dissenting.

Subject to House

"These regulations were deliberately sanctioned by the government council, subject to the approval by both houses of parliament upon the receipt of a condition still continuing that 'There is an important and urgent need for reinforcements for the Canadian expeditionary forces and the necessity of these reinforcements admits of no delay,' and the regulations were approved as required by resolutions of the senate and the house of commons. The government is advised that it had adequate authority under the War Measures Act, 1914, for passing of the regulations and that the opinion pronounced by the majority of the judges of the supreme court of Alberta are erroneous. Consequently, an appeal will be asserted to the supreme court of Canada and presented with the utmost expedition. Meanwhile the government will proceed as heretofore in the execution of the powers conferred by the regulations and the judgment pronounced by the Alberta court will not be permitted to affect the carrying out or moving of the troops authorized by the regulations."

FRIDAY, JULY 5, 1918

On the Rounds With
the Local Printer

(Registered in accordance with the Copyright Act)

The majority of community reforms and enterprises are expeditiously into existence through the efforts of the local newspaper, even if they are not originally conceived at that source.

Nineteen times out of twenty the local newspaper, no matter what its creed on party lines, is an eloquent, enthusiastic community booster.

There are occasions, however, when the mind of the editor becomes depressed and his enthusiasm is put to the severest kind of test.

In order to more pointedly convey the situation in this respect to the mind of the reader, let the case of a certain newspaper proprietor in a certain medium-sized town in British Columbia be cited:

The editor of the paper was a highly important figure in the community through which his paper circulated, for he was intensely patriotic to the best interests of his district and was at all times ready and anxious to serve the public welfare to the fullest extent of his ability and influence.

The people of the town recognized him as a fire wire, and the business men confessed they were extremely fortunate in having such a results bringing booster in their midst.

So far so good—but this printer had to live the same as other people. His advertising columns were fairly well patronized, but the rate was low and in order to keep things going properly he had to depend largely upon the job work branch of his business.

In taking stock of things one day he came to the conclusion that he really was getting but very little of the job work business. Then he did some tall thinking, with the result that he started out next morning on a systematic round-up of the business houses of the town. He did not take him long to figure out that outside stationary travelers were "bitting" practically two thirds of his legitimate job work from the local business houses—and only in exceptional instances were the outside prices lower, or the work such as could not be turned out at the home print shop.

He found that in the majority of instances that the local business people had handed out their work quite thoughtlessly, although in no case was the excuse sound or logical.

He talked the matter over with them quietly, price and other trade terms. But he had an effective auxiliary argument—and he did not hesitate to use it.

Here, he had, through his paper, been the acknowledged booster for the community and the leading spirit in all things concerning the welfare of the business men whom he served with a highly creditable weekly paper he had borne the brunt of many a campaign in the town's interest and for the district's future welfare. He had heard the appeal of merchants that the people be induced to buy at home instead of sending money abroad.

In short, he soon convinced the right-minded business men of their own unpatriotic policy, and the situation was speedily adjusted to the entire satisfaction of all concerned.

It is to be regretted that there are no other towns, not a thousand miles away, where a readjustment of the personal policy of some business men could be effected with highly advantageous results for the general community interests.

The Morning Albertan, which has always been strong for female suffrage, is expected to die just now because only 1200 women, out of over 5000 qualified, registered for voting in Calgary municipal elections. Right or wrong, the fact stands out clear and strong that the women of Canada don't give a hoot for the ballot or the privilege of citizenship. Ordinary politics are too tame for their refined minds, and they will never exercise the privilege except on very rare occasions when something special is being fought out.

Your Oil Opportunity in Wyoming

The Oil Industry, especially in Wyoming, has been pioneered by the small investor. The impending magnitude of the development during the past two years has demanded the attention of every class of people in the United States.

Now there comes daily reports of huge fortunes made in oil over night—and the industry is still in its infancy. The chance to get into big companies at their inception and grow rich with them as they develop is still open to those who will act quickly. This truth applies to the Clark Fork Oil Co. to a greater extent than to any other we know of. Our advice is that you should get in now while you can at the present price. Oil from either one of our holdings will make a fortune for our shareholders.

10 C Per Share Today
Another Advance Coming Soon **10 C.**

TWO RIGS PURCHASED AND READY TO DRILL

WARM SPRINGS—Now recognized as one of the big producing fields in the State of Wyoming. This structure proved a big surprise to all operators and as a result all of the structure was leased by independent companies. Our lease here has been pronounced to be well within the producing area and had we no other holdings, the investor would be assured of a good run for his money in Warm Springs.

CLARK FORK OIL FIELD—Without doubt one of the coming producers of the Montana-Wyoming territory. Our first well will start here within a few days. This company practically controls all of the dome and in events of oil, we will rank as the largest company in the field.

MANDERSON OIL DOME—Recognized as a large oil structure, and only waiting actual developments to prove its worth. We have a good acreage here and will commence an active drilling campaign as soon as our other fields have been proven.

CARBONADO DOME—A test well will be put down here this summer which will prove our extensive holdings. Oil showings are abundant here according to all experts reports and there is little likelihood of failure.

KANSAS—We have a large acreage here in the heart of the productive region. Production here is practically assured.

Every Farmer Needs a Ford

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, and the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the lane to the back field or the pasture with a parcel or a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful, implement or convenience for the farm. It helps you conserve your energies and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

Big American Force Engaged

PARIS, July 4.—There are fully 220,000 fighting men in the American lines around Chateau-Thierry where desperate fighting has occurred the last two days, resulting in the capture of 1,200 German prisoners and the killing of several thousand additional. The first, second and third divisions are included in the army corps, which is under the

command of Gen. Liggett. Major de Oliveira, military critic of the Mail, lays particular emphasis upon the importance of the latest successes of the American forces west of Chateau-Thierry.

Organizer Martin, of Red Wing, Minn., Non-Partisan League, was courted on Wednesday, July 3, and declined, and sentenced to one year in the county jail.

NOTICE!

During the season my Thoroughbred
Percheron Stallion
"Chestnut"

formerly owned by N. G. Perry, will stand at my barn, west of Economy Barn.

Thursday, Friday and Saturday

of each week. This horse is known to be one of the surest foot getters, and has left some of the biggest and best colts in the community.

14-16 **S. L. FRASER**

TWO OFFENSIVES

TORONTO, July 4.—William Cook, in a special cable to the Mail and Empire from Paris, says new reaching Paris from the battlefield leads military observers to believe that the German high command will conduct two main offensives, striking for the channel ports with the hope of cutting off the British and making a drive for Paris at the same time.

If this is so, military circles here expect two German blows—one on the Somme front against the British forces, the other on or near the Marne with the intention of driving back the Americans and French.

Canada Food Board Educational Division

That Canada is at war will be brought home to every man, woman and child next month when all bread made from standard wheat flour must be labeled "Victory Bread" and mixed with a percentage of substitutes for wheat flour. This is the effect of a recent order issued by Canada Food Board in a vigorous effort to save the existing wheat supplies so as to make them last out until the wheat of the coming harvest reaches the flour mill and new flour is distributed for consumption.

The new order defines substitutes for wheat as corn, oats, barley, rice, rye, buckwheat, tapioca and many mixtures of same; potato flour, bran shorts, oatmeal, rolled oats, cornmeal, corn starch, hominy, corn grits, rice meal, and potato meal.

On and after July 1st one pound of wheat substitute must be there for all bakers, confectioners and public eating places with every nine pounds of standard wheat flour in making all baked products, and the same rule shall apply to every person in Canada who bakes bread, rolls or pastry for private consumption. On and after July 15th in all Canada east of Port Arthur the proportion is to be increased to one pound with every four. In Port Arthur and the west this increase is still in abeyance, pending the report of the quantities of substitutes available.

It is provided in this order that on and after July 15th no licensed dealer shall sell for private consumption, but not including Port Arthur, white flour to any person who does not purchase from him substitutes in the proportion of not less than one pound to two pounds of standard flour. West of Port Arthur the proportion is kept at one pound substitute to four pounds wheat flour. The brand "Victory Bread" is to be affixed to every loaf as a guarantee that the prescribed amounts of substitutes for standard wheat flour are being included therein. Bread not bearing this label may be seized and any person violating the regulation is liable on conviction to a penalty not exceeding \$1000 and not less than \$100, or imprisonment for a period not exceeding three months or both fine and imprisonment. Fines are to be paid to the municipality if the municipal officer secures the conviction or to the Provincial Treasurer, where a provincial officer secures the conviction.

Boys Wanting Employment

on Farms

Now that the school holidays are on and many boys released from attendance and willing to take employment on farms the one thing every farmer agency to bring the two together. With this end in view we have decided to offer the use of our columns free to school boys of Clareholm and district who wish to hire out with farmers for the harvest or during the holidays.

Under the above heading we will publish the name of any boy wanting work, or the name of any farmer wanting a boy, together with any necessary particulars. We wish it well understood, however, that beyond publishing the names we have no responsibility in the matter, and also that this offer for free publicity is solely for the school boys and farmers who want them. Send your name to the editor of the Review-Advertiser.

British Advance Mile

LONDON, July 4.—British troops this a.m. delivered an attack in the region east of Amiens, capturing the village of Hamel, northeast of Villers-Bretonneux, and our line has been advanced to a depth of more than a mile.

The text of the statement reads: "This morning we carried out a successful operation between Villers-Bretonneux and the Somme and the village of Hamel has been captured and our line has been advanced to an average depth of 2,000 yards."

"The hostile artillery has been active in the Roberts and St. James sectors."

The appointment of Mr. Wardle to the position of superintendent of Canada's national park, has brought forth a howl of protest from many residents of Banff. The contention is that the appointment should have gone to a returned veteran.

Dynamic explosions are occurring in Quebec, with the purpose in view of intimidating the deputy registrars. Ireland and Quebec are making ignoble spectacles of themselves in these soul-trying days. After the war they will get theirs.

Make Money With Us in Oil!

WE ARE NOW DRILLING IN WYOMING

Warm Springs, Wyoming—Already one of the big producing fields of the State. Twelve wells have been completed and fortunate stockholders are drawing big dividends every month in the year. This is a "shallow" field and the drilling cost is at a minimum. Through a peculiar turn of fortune the Van Duzen Co. was able to secure a valuable lease on this structure. At least a dozen companies are now drilling towards the oil producing sands in the Warm Springs dome and we do not expect to lose much time in starting our operations. Remember this is a producing field.

Sundance-Upton Fields, Wyoming—We were in this field just before the boom started and have 6,000 acres under lease on the very apex of the structure. This dome bids fair to be one of the best fields in this State and our large acreage will always make this the big company of this big field. We are drilling in this field.

Salt Creek, Wyoming—This is the most consistent oil producing field in all the world, and although the field is but five years old, it has made more wealthy people than any of the big fields of Wyoming. The wide-awake men who are at the head of this company have secured 320 acres of land less than a half mile from one of the largest gushers in the field. One 500-barrel well in this field at \$1.00 per barrel would mean more than 20 per cent. per annum on the total capitalization of the Van Duzen Oil Co. We have room for 64 well on our property.

The Crazy Women's Pocket, Montana—This dome has been recognized by many geologists to be most perfect structure for an oil reservoir in all of America. Two other companies have wells in process of completion on this dome, and it is reported that one of them has already encountered an oil producing sand. The Van Duzen Oil Co. has secured 500 acres of deeded land midway between the two wells now drilling. Our derrick is now in the course of construction. When this field is proven it will be the first producing field in Montana. Boom prices will prevail and our stock is sure to go sky-high.

Powder River Junction, Wyoming—We have a one-third locator's interest in three one-quarter sections lying within a quarter of a mile from a well now being drilled by the famous Ohio Oil Co. This dome is looked upon as being one of the coming fields of the State. Shallow drilling and its proximity to rail transportation will make this field a big dividend payer.

Will YOU Give 3-1/2 Cents a Day to Keep

A Child From Starving?

If you will, read this appeal carefully then decide what share you will take in helping avert the greatest tragedy of all time.

1,250,000 CHILDREN ARE FACING SLOW STARVATION IN BELGIUM TODAY.

The Belgian Relief Commission has not the means to supply these growing children with the food that is necessary. **THE SITUATION IS SERIOUS.** This great relief fund has largely been administered through Americans; the break between the States and Germany has brought about a crisis; there is more need of funds now than at any previous time.

THE GREAT RELIEF WORK MUST AND WILL GO ON. WE MUST DO OUR SHARE.

At the present time the growing child in Belgium receives only a "hunk of bread and a bowl of soup" each day. It is not enough; they must have more—or starve.

For 3-1/2 cents a day the Relief Commission can supply one child with an extra "meal" of a biscuit made with fat and a cup of cocoa, not much, but it is the difference between life and death, between health and disease, for the children of heroic Belgium.

ALBERTA HAS BEEN BLESSED WITH TWO RECORD-BREAKING CROPS.

We are prosperous—the future looks bright—we are in a position to help. How many starving children can you look after? How many will we look after?

HOW MANY WILL YOU FEED?

\$12.00 a year, the price the Alberta farmer received for eight bushels of his wheat, will give this extra "meal" to one child for a whole year. 10c a day or \$36.00 a year will keep three children from starvation. \$60.00 a year will feed five; \$120.00 a year will feed 10.

WERE YOU EVER HUNGRY?

Can you picture starvation, the pinched faces, the piteous cries? **IF THE CHILDREN WERE STARVING IN ALBERTA you would help—**

YOU WILL HELP IN THIS CASE

You can't pass by the children's cry for food from starving Belgium! **AND YOU MUST ACT NOW**

The thought that you are feeding some of these unfortunate each day will bring you happiness. Think of the eager little hands reaching for the meal you supply.

Your own meals will taste sweeter when you do your share. The paper in which you are reading this is doing its share by publishing this appeal without charge—**WHAT WILL YOU DO?**

You may send contributions by the week, month, or in one lump sum. You are ASSURED that your money is used for the purpose it is sent.

THERE ARE HUNGRY CHILDREN AWAITING YOUR DECISION. HOW MANY WILL YOU FEED?

Send cheques payable to—

Belgian Relief Fund

FOR SOUTHERN ALBERTA,
